1. Grant of Right-of-Entry. Owner hereby grants the Authorized Entities a right of entry (“Right-of-Entry Permit”) to enter upon the Property, and all related appurtenances thereto, for the purpose of hazardous fuels reduction actions pertaining to wildfire risk in California and Nevada County. Specific hazardous fuels reduction actions include, but are not limited to, inspection and evaluation of fuels reduction needs, removal and disposal of identified hazardous vegetation fuels including the removal of vegetation that has been identified by Nevada County OES staff to be chipped and broadcast back on site in support of the Nevada County Green Waste Disposal Program. It is fully understood that this Permit does not create any obligation on the part of the Authorized Entities to perform inspection or hazardous fuels reduction on the Property. Owner understands that hazardous fuels reduction activities will not be undertaken until this Right-of-Entry Permit is signed and returned. Owner understands that participation in this program shall not operate to either require or prohibit the Authorized Entities from later deeming a condition remaining on the property a public nuisance.

- 1.1. Owner shall make best efforts to disclose and mark any sewer lines, utilities (electricity, gas, cable, etc.), septic tanks and water lines located on the Property.

2. OES Obligations. In consideration of the permission granted, OES agrees to perform work in such a manner that it will not materially affect ingress or egress to or from the Property. If

Owner is present at time the fuels reduction activities are provided and demands that certain pre-designated and authorized fuels not be removed, these fuels will not be removed. Owner understands and acknowledges that if they refuse to allow removal of fuels identified through the Nevada County Green Waste Disposal Program, the fuels reduction services may, at the Authorized Entities' discretion, immediately terminate without further obligation.

3. **Indemnification – Hold Harmless.** Owner hereby acknowledges and agrees that the Authorized Entities shall not be liable for, and Owner shall indemnify, hold harmless and release the Authorized Entities, and any of their officers, agencies, agents, employees and volunteers, against any and all claims, demands, losses, including attorneys' fees and court costs, which arise out of or are in any way connected to actions arising out of this Right-of-Entry Permit, and Owner hereby releases, discharges, and waives any Claims or any action, in law or equity, arising therefrom.
4. **No Assumption of Liability for Remediation.** In consideration of the hazardous fuels reduction services provided to Owner under this Right-of-Entry Permit at no cost to Owner, the Authorized Entities assume no liability or responsibility, and Owner shall not seek to recover from the Authorized Entities, or any of their officers, agencies, agents, contractors, subcontractors, employees and volunteers, the costs of any remediation of damages to the Property incurred due to actions taken pursuant to this Right-of-Entry Permit.
5. **OES Agents.** Any person, firm, or corporation authorized by OES to work upon the Property shall be deemed to be OES's agent, including but not limited, contractors and subcontractors, and shall be subject to all applicable terms hereof.
